## 1951 AGREEMENT FOR THE MARKETING OF SOYA-BEANS

MEMORANDUM OF AGREEMENT made by the Negotiating Committee for soya-beans produced in Ontario in 1951, appointed under the provisions of "The Ontario Soya-Bean Growers' Marketing Scheme".

We, the undersigned members of the Negotiating Committee, agree and recommend to The Farm Products Marketing Board that the following agreement be approved:—

1. The minimum price for 1951 crop soya-beans produced in Ontario shall be the trading price for each day on an open market basis.

2. The processors undertake to pay the best possible prices for soya-beans consistent with the prevailing market prices obtainable for the end products of processing and will attempt to supply the Ontario Soya-Bean Growers' Marketing Board with information concerning any important causes of major price fluctuations.

3. The processors and growers agree that this agreement may be re-negotiated at any time during the marketing period.

4. The quoted price shall be the f.o.b. delivered car lot price to the processing plant with a lower differential price of 5c per bushel on truck load deliveries.

5. Pelee Island is excepted from Section 4.

6. The processors agree to co-operate in providing information relative to prices, based on the previous day's trading prices, in a manner satisfactory to the Ontario Soya-Bean Growers' Marketing Board.

7. Soya-Beans containing over 14% moisture may be subject to the following discounts:

(a) for soya-beans containing over 14% moisture and up to and including 18% moisture, the maximum discount shall be 1½c per bushel for each ½% of moisture content.

(b) for soya-beans containing over 18% moisture, the maximum discount shall be 5c per bushel for each ½% of moisture content.

8. The maximum charge to any grower by every dealer for cleaning, handling and selling soya-beans shall be 10c per bushel. This charge represents the maximum difference allowed between the quoted market price f.o.b. country stations and the price paid to the grower.

9. The dealers and growers agree that this agreement may be re-negotiated at any time during the marketing period.

10. Every dealer, on demand, shall pay cash on delivery to the grower for all soya-beans accepted by such dealer.

11. The maximum charge to any grower by every dealer for storing soya-beans shall be 1/30 of 1c per bushel per day.

12. When soya-beans are delivered to a dealer's elevator or place of business a receipt for each load of soya-beans shall be given by the dealer to the grower or the party delivering the load of soya-beans in the absence of the grower and the receipt shall give the following information:

- |                        |                       |
|------------------------|-----------------------|
| (a) Name of purchaser; | (f) Gross weight;     |
| (b) Place of purchase; | (g) Net weight;       |
| (c) Date of purchase;  | (h) Moisture content; |
| (d) Name of grower;    | (i) Grade;            |
| (e) Address of grower; | (j) Price per bushel. |

13. Dealers shall report the purchase of soya-beans to the Secretary of the Local Board by the 15th of the following month, information shall include:

- |                                 |  |

| (b) Name and address of grower; | (d) Number of bushels to the nearest bushel. |

14. In the event there is a dispute between a grower and a dealer as to the grade and moisture content of any load of soya-beans, the matters in dispute shall be referred to an Inspector for the Board of Grain Commissioners at Chatham, Ontario, and his decision respecting such grade or moisture content shall be final. The Inspector's decision shall be based on a mutually agreed upon two-pound moisture proof sample, taken at time of delivery of the load of soya-beans in dispute and the grower's and dealer's name and address shall appear on the sample. A further sample of the load of soya-beans in dispute shall also be kept in a moisture proof sealed container by the dealer pending the Inspector's decision.
